- The Fund is subject to risks, such as investment, equities and equity-related securities, currency and risks of investing in small and mid-capitalisation companies, convertible bonds as well as risks relating to master/feeder fund structure.
- The Fund's investment (through its investment in Barings Korea Trust (the "Trust")) is concentrated in Korean companies and the value of Fund may be more volatile. Investing in Korean markets may involve increased risks, including liquidity, currency, political and economic uncertainties, legal and taxation, settlement, custody and volatility risks, and the risks of foreign exchange control and restrictions on capital transactions and payments under certain material adverse circumstances affecting Korea.
- The Fund may be subject to the risks associated with derivatives through its investment in the Trust. The Trust may invest in derivatives for efficient portfolio management (including hedging) purposes which may involve counterparty/credit, liquidity, valuation, volatility and over-the-counter transaction risks. Exposure to derivatives may lead to a high risk of significant loss by the Trust.
- Investors may suffer substantial loss of their investments in the Fund.

Investment Objectives¹

The Fund invests in units of the Barings Korea Trust, which is a unit trust primarily investing in securities of Korean companies or other entities or subsidiaries of Korean companies and securities listed or traded on the Korean securities markets.
