- The Fund primarily invests in a globally diversified portfolio of technology-related companies.
- Investments involve varying degree of investment risks (e.g. liquidity, market, economic, political, regulatory, taxation, financial, interest rate, hedging and currency risks). In extreme market conditions, you may lose your entire investment.
- Investments in financial derivatives instruments ("FDIs") (such as futures, swaps, options, forward rate notes, and forward foreign exchange contracts) involve specific risks (e.g. counterparty, liquidity, leverage, volatility and valuation risk). The Fund may use FDIs for hedging and/or efficient portfolio management purposes.
- The Fund's instruments are concentrated in technology sector and may subject to higher concentration risk.
- The Fund may invest in Eurozone (in particular Portugal, Italy, Ireland, Greece and Spain) securities and may suffer from Eurozone sovereign debt crisis risk.
- The investment decision is yours. If you are in any doubt about the contents of this document, you should seek independent professional financial advice.
- Investors should not only base on this document alone to make investment decisions and should read the offering documents including the risk factors for further details.

About the fund

The investment objective of the Global Technology Fund is to seek long-term capital appreciation by investing in a globally diversified portfolio of technology-related companies. The Fund aims to take advantage of market trends internationally. The Fund takes a geographically diversified approach and operates within broad asset allocation ranges. There are no specified limits on the amounts that the Fund can or must invest in any geographical region or single country.

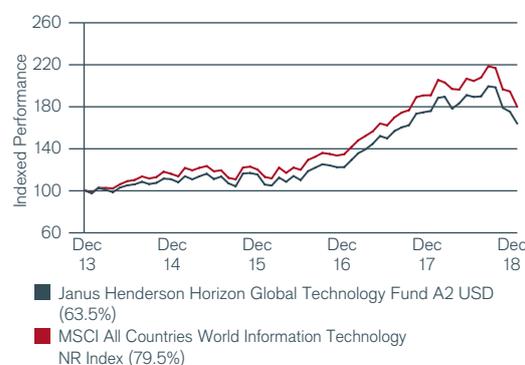

Additional Information

The Benchmark administrator, MSCI Limited, restructured the Benchmark on 1 December 2018, meaning the constituents of the Benchmark will change with the reclassification of certain companies in it to another benchmark. As a result, the Management Company and the Investment Manager have jointly concluded that the Benchmark will no longer be appropriate for the calculation of the Performance Fee going forward and may be potentially disadvantageous to Shareholders. Accordingly, in advance of being able to identify a more appropriate benchmark for the Performance Fee calculation, the Management Company and the Investment Manager will waive any Performance Fees that may accrue and be payable for the Share Classes as of 3 December 2018 until further notice.

Please note that with effect from 3 April 2018, Stuart O'Gorman no longer managed this fund.
