

Investec Global Gold Fund

'A' Shares, USD

As at end June 2017

Important information

- The Fund invests in a small number of sectors (i.e. gold mining) and smaller companies which may be subject to greater volatility than more broadly diversified portfolios and less liquid than shares of larger companies respectively. The Fund offers exposure to commodities and may include additional risks, such as political risk, natural events or terrorism. Equity investments could be volatile and subject to high risk of loss.
- The Fund may use derivatives for hedging and/or efficient portfolio management purposes and may be exposed to significant risk of loss when the use becomes ineffective. Derivatives will not be used extensively for investment purposes.
- In adverse situations, the Fund may suffer significant losses. It is possible that the original amount you invested could be lost.
- Investors should not solely rely on this document to make investment decisions.

Investment objective and strategy

The Fund aims to achieve long-term capital growth primarily through investment in equities issued by companies around the globe involved in gold mining. The Fund may also invest, up to one-third, in companies around the globe that are involved in mining for other precious metals and other minerals and metals.
