The one plan that opens a world of privileged medical services

vTheOne Medical Plan

Achieving success is a great way to simplify life. It makes it unnecessary to consider any alternatives to the very best of everything.

This advantage is especially essential when it comes to the one area where no compromise should ever be accepted — your health.

vTheOne Medical Plan (“the Plan”), certified by the Government, offers prestige medical benefits with an aim to provide coverage for a comprehensive treatment and recovery journey for you. The Plan offers full cover¹ for a range of hospitalisation and surgical expenses without itemised benefit limits. The plan has an Annual Benefit Limit and without Lifetime Benefit Limit and provides flexible choices of geographical areas²⁶ and Deductible² options. As someone who is accustomed to demanding the highest standards, you would no doubt want to access the most professional and dedicated care if you ever require medical attention.

But just as important as making a full recovery is ensuring the type of prestige healthcare experience you deserve. While no one likes to stay in a medical facility, you have the right to expect outstanding levels of comfort, privacy and support in a standard private room if hospitalisation is needed.

Apart from accompanying you during tough times, this Plan offers wellness incentives for staying healthy and no claims premium discount up to 25% on top of potential tax savings³ to encourage you and your loved ones to stay healthy at a prestige level. Key Product Risks

Credit Risk

This Plan is an insurance Policy issued by FWD. The Application of this insurance product and all benefits payable under your Policy are subject to the credit risk of FWD. You will bear the default risk in the event that FWD is unable to satisfy its financial obligations under this insurance contract.

Exchange Rate and Currency Risk

The Application of this insurance product with the Policy currency denominated in a foreign currency is subject to that foreign currency's exchange rate and currency risk. The foreign currency may be subject to the relevant regulatory bodies' control (for example, exchange restrictions). If your home currency is different from the Policy currency, please note that any exchange rate fluctuation between your home currency and the Policy currency of this insurance product will have a direct impact on the amount of premium required and the value of benefit(s) to be received. For instance, if the Policy currency of the insurance product depreciates substantially against your home currency, there is a negative impact on the benefits you receive from this Plan. If the Policy currency of the insurance product appreciates substantially against your home currency, your burden of the premium payment is increased.

Inflation Risk

The cost of living in the future may be higher than now due to the effects of inflation. Therefore, the benefits under this Plan may not be sufficient for the increasing protection needs in the future even if FWD fulfills all of its contractual obligations.

Premium Adjustment

The Standard Premium is non-guaranteed and will be determined annually based on the attained age of the Insured Person at the time of Renewal. The Standard Premium may increase significantly due to factors including but not limited to Age, medical inflation, and claims experience and policy persistency in the same Portfolio.

Premium Term and Non-Payment of Premium

The premium payment term of the Plan is up to the Age of 100 years (attained age) of the Insured Person.

FWD allows a grace period of 30 days after the premium due date for payment of each premium. This Policy shall continue to be in effect during the grace period but no benefits shall be payable unless the premium is paid. If a premium is still unpaid at the expiration of the grace period, the Policy will be terminated from the date the first unpaid premium was due. Please note that once the Plan is terminated on this basis, you will lose all of your benefits.

Termination Conditions

The Policy shall be automatically terminated on the earliest of the followings:

- (a) where the Policy is terminated due to non-payment of premiums after the grace period as specified in Section 13 of Part 2 or Section 3 of Part 3 of the Terms and Benefits of the Policy provisions; or
- (b) the day immediately following the death of the Insured Person; or
- (c) FWD has ceased to have the requisite authorisation under the Insurance Ordinance to write or continue to write the Policy.

Immediately following the termination of this Policy, insurance coverage under the Policy shall cease to be in force. No premium paid for the current Policy Year and previous Policy Years shall be refunded, unless specified otherwise.

Where the Policy is terminated pursuant to (a), the effective date of termination shall be the date that the unpaid premium is first due.

Where the Policy is terminated pursuant to (b) or (c), FWD shall refund the relevant premium paid for the current Policy Year on a pro rata basis.

Moreover, the Policy shall also be terminated if you decide to cancel the Policy or not to renew the Policy in accordance with Section 3 of Part 2 or Section 1 of Part 4 of the Terms and Benefits of the Policy provisions, as the case may be, by giving the requisite written notice to FWD. If the Policy is terminated for cancellation after cooling-off period, the effective date of termination shall be the date as stated in the cancellation notice given by you. However, such date shall not be within or earlier than the 30-day notice period. If the Policy is not renewed, the effective date of termination shall be the renewal date immediately following the expiry of the Policy Year during which the Policy remains valid.

For more details, please refer to Section 15 of Part 2 of the Terms and Benefits of the Policy provisions.

- (aa) is in accordance with standards of good and prudent medical practice in the locality for the medical service rendered, and, in the prudent professional judgment of the attending Registered Medical Practitioner, not rendered primarily for the convenience or the comfort of the Insured Person, his family, caretaker or the attending Registered Medical Practitioner; and
- (bb) is in the setting that is most appropriate in the circumstances and in accordance with the generally accepted standards of medical practice in the locality for the medical service rendered.

Pre-existing Condition(s)

shall mean, in respect of the Insured Person, any Sickness, Disease, Injury, physical, mental or medical condition or physiological degradation, including Congenital Condition, that has existed prior to the Policy Issuance Date or the Policy Effective Date, whichever is the earlier. An ordinary prudent person shall be reasonably aware of a Pre-existing Condition, where –

- (a) it has been diagnosed;
- (b) it has manifested clear and distinct signs or symptoms; or
- (c) medical advice or treatment has been sought, recommended or received.

Reasonable and Customary

FWD shall only cover charges or expenses which FWD believes are Reasonable and Customary. Reasonable and Customary shall mean, in relation to a charge for Medical Service, such level which does not exceed the general range of charges being charged by the relevant service providers in the locality where the charge is incurred for similar treatment, services or supplies for people with similar conditions, e.g. of the same sex and similar Age, for a similar Disability, as FWD reasonably determine in utmost good faith.

The Reasonable and Customary charges will never in any circumstance exceed the actual charges incurred. FWD may exercise the right to determine whether the charges for treatment, medical services and supplies are regarded as Reasonable and Customary with reference to treatment or service fee statistics and surveys in the insurance or medical industry; internal or industry claim statistics; gazette published by the Government; and/or other pertinent source of reference in the locality where the treatments, services or supplies are provided.

FWD may exercise the right to adjust any benefit payable in relation to any charges which are not Reasonable and Customary.

Standard Private Room

shall mean a standard single occupancy room with an adjoining bathroom for the Insured Person's use during his or her Confinement, but does not include any Hospital room that has its own kitchen, dining or sitting room.
